During this event I agree to do the following:

- Treat other MERGE teens with respect—not laughing at ideas or answers. This produces an accepting group, which in turn gives me the freedom to express my feelings and ideas without fear of ridicule.
- If the trip is more than 2 hours away, I may bring radios, CD players, stereos and tape players. I realize that I may have my music checked. If the trip is less than 2 hours away, I agree to leave these items at home. This allows me more time to talk to other kids and God. Because such music is a private type of enjoyment, it can interfere with growing closer to my friends or God.
- Attend all Bible study, worship and organized sessions. This gives me maximum opportunity to understand God and to grow in Him.
- Bring no fireworks, alcohol products, tobacco products, drugs, people-destroying items or property-destroying items. If caught with these I understand they'll be confiscated and my parents will be called and told about the incident. I may be asked to leave the event and return home.
- Have a positive attitude, **refrain from pouting**, and talk out problems rather than let them make me grouchy.
- Ask any questions I have, with respect, realizing that if it's important enough to wonder or think about, it's important enough to ask about.
- No PDA (Public Display of Affection). This will keep me out of trouble.
